Bharath Institute of Higher Education and Research Center, Chennai. 2021-2025
Bachelor of Technology in Biotechnology

- CGPA: 9.02

Edustar International School (CBSE), Kovilpatti 2019-2021
BioMath

- CGPA: 9.2

PROJECTS

Restaurant [Restaurant](#) ↗

- Developed a user-friendly Restaurant application to enable menu browsing, cart management, and order placement.
- Tools Used: Tailwind CSS, React.js, React Context

Weather Forecast [Weather Forecasting](#) ↗

- Built a real-time Weather Forecasting application integrating the OpenWeatherMap API for accurate forecasts and data visualization. This includes search and error-handling features to ensure a smooth user experience.
- Tools Used: Tailwind CSS, React.js, React Hooks

Food Recipe Management [Food Recipe](#) ↗

- Created a Food Recipe Management platform with features for searching, favoriting, and viewing recipes.
- Tools Used: Tailwind CSS, React.js, React Context
